

DAY 2

After breakfast and a briefing, you will head out onto the frozen lake for your first session. This is when the fun really starts as you learn how to maintain a constant skid angle. By the end of the day, you'll begin to have a real feel for the ice and be drifting with confidence.

Dinner will be served back at the hotel in the Jaguar Land Rover Tipi lounge which will allow you to share your tales from the ice with your fellow guests.

DAY 3

A quick morning briefing and it's back out on the ice to face some of the trickier tracks. This will be followed by a tour of the secret winter testing facility and an exciting off-road challenge.

Remember to put on an extra layer for pre-dinner drinks at the aptly named Iglootel, before heading back to the Tipi Ulak for a farewell dinner with your fellow ice drivers.
